Who We Are

Castaway Critters Pet Rescue is a no-kill animal shelter based in Blairsville, Georgia. We operate as a 501C3 non-profit organization and rely on contributions and fundraisers to support our organization.

When we first established about a year and a half ago, our volunteer group operated by fostering animals in their own homes. In February 2007, we obtained a building that had been a boarding kennel in the 1980s and had fallen into disrepair. Volunteers worked diligently to fix up the facility. We now have fourteen inside runs for dogs, a multi-room facility for cats, and fabulous outdoor fenced areas.

Our animals get lots of tender loving care and enjoy walks, special days out, toys, and cozy beds.

Castaway's goal is to find a forever, loving home for each animal. Our adoption process includes a four-page application and a home visit.

I'm Dudley. Castaway Critters volunteers rescued me from an animal control facility on my "last day," and I'm now happy in a loving home!
